

D2L - Discuss - 'Start a Thread'

Communications > Discuss > Edit Topic > Properties tab > Options

"Users must start a thread before they can read and reply to other threads"

Why?

-  Encourages 'active and collaborative' learning environment
-  * Accomplishes student-content/ student-student / student-instructor interaction
-  Helps students to interact with the content material before they interact with other students
-  Before reading other students' responses
 - Provides students an opportunity to 'think', 'research' and 'reflect' to the prompts / questions from the Instructor
